Produktinformationen "BCLS-23"

Kramer's BCLS-23 is a high-performance CAT 6 F/UTP cable designed for IT, LAN and Ethernet installations. The cable is constructed with 23AWG solid bare copper conductors with a cross filler and overall metal foil screen with a drain wire. It is enclosed in an LSZH jacket with sequential markings every meter and packed on a fumigated plywood reel. BCLS-23 cable exceeds CAT 6 specifications to provide additional performance and bandwidth beyond the basic standard.
