Produktinformationen "VIAware"

All the advanced wireless presentation and collaboration tools offered by VIA Campus² can now be used on your own PC to enhance collaborative meetings in Corporate environments and interactive learning in education and training environments. VIAware can show up to six user screens on one main display or up to 12 screens on two displays* and features iOS mirroring via AirPlay™, Windows and Android mirroring via Miracast®, as well as ChromeBook mirroring. Remote students can easily join the class and collaborate in real time with embedded 3rd-party video conferencing and office apps, such as Microsoft Office®, Teams®, SkypeforBusiness®, Zoom®, GoToMeeting®, and WebEx®. VIAware delivers the same security offered by all VIA devices and can be installed on any computer running Windows 10 64 bit OS, providing IT managers the versatility they need. The software works seamlessly with your existing VIA clients and VIA Site Management and offers full support for all VIA Quick Connect features, such as QR Code, and VIA Pad. VIAware is available as a recurring annual subscription. _____ *Hardware dependent.
