

Artikel-Nr.: 4722  
Hersteller: Kramer AV

## SWT3-41-U-T

€ 832,50 \*

zzgl. MwSt. [zzgl. Versandkosten](#)  
Lieferzeit ca. 5 Tage

### Produktinformationen "SWT3-41-U-T"

#### 4x1 USB Switcher Transmitter

- Collaborative Online-meeting Switching Controllable switching of online-session USB host participants and space-deployed local and remote visual (such as camera) and audible (such as microphones or headsets) USB peripherals, allows collaborative online meeting and smooth content sharing operation among online meeting participants.
- Comprehensive USB Extension Integrated dual-link transmitters for USB and LAN signals extension with 2-way power providing over extended-reach CAT twisted pair copper infrastructures. The locally selected USB host is auto-connected to remotely connected USB devices, employing either interrupt, bulk or isochronous USB 2.0 standard data transfer communication
- Cost-effective Dual-link USB Extension Deployment Link-paired remote USB receivers are flexibly connected via combined dual-link single CAT cable or dual independent CAT cables connections, according to space extension deployment needs. Typically used for long-distance connection of space remote two PTZ cameras, the combined dual-link single CAT cable runs to a midspan-located CAT splitter that optimally connects to receiver-connected cameras via the shortest independent CAT cables.
- Flexible USB Connectivity Wide Variety of USB peripheral and dual-role devices can be extended including cameras, touch screens, smart boards, hard drives, game controllers, audio devices, printers, scanners, or HID (Human Interface Devices) devices such as a mouse or keyboard.
- BYOD Ease and Convenience Connect any USB-C device as an online meeting participant, while providing the connected device with multiple concurrent capabilities of USB 3.1 and Ethernet connection, USB-driven content sharing, and (if PD-2.0-capable) up to 60 watts of power, all via a single USB-C cable connection only.
- USB 3.2 Switching USB 3.2 signals switching, enables high data-rate connection between active USB host and space USB 3.2 and 2.0 devices, such as 4K camera, high-quality audio devices, and HID (Human Interface Devices) mouse or keyboard devices.
- Auto Switcher Ease of Use Automatically connects the plugged host to the space connected USB peripherals, according to user-configured preferences, such as last-connected host.
- Simple and Flexible Control Remote IP-controller connection, browser operation webpage, local panel buttons, and remotely connected contact-closure buttons triggering configurable operation functions, for easy and fully flexible USB host, and switcher control.

#### Flexible Connectivity

- Built-in Intelligent Control Gateway Remote IP-driven intelligent control of local and remote connected USB peripherals (such as PTZ cameras) and sensor devices via IP, RS-232 or I/O. Eliminating the need for an external control gateway, this feature reduces installation complexity and costs, to enable easy integration with control systems, such as Kramer Control.
- Secured Operation Standard IT-grade 802.1x authentication for secured IT LAN connectivity operation.
- Comprehensive and Cost-effective Remote Local panel indication LEDs to facilitate easy local maintenance and troubleshooting. Remote IP-driven device firmware upgrade and management, via user-friendly embedded web pages and optional whole site management system, ensure lasting and field proven deployment.
- Easy and Elegant Installation PoE powering via LAN port connection, 2-way powering to CAT-paired devices, and half 19" rack noise-free fan-cooled enclosure for under table mounting, or side-by-side mounting of 2 units in a 1U rack space, for easy and convenient deployment.
- Produktabmessung: 21.46cm x 16.30cm x 4.36cm (8.45 x 6.42 x 1.72 ) W, D, H
- Versandabmessung: 0.00cm x 0.00cm x 0.00cm (0.00 x 0.00 x 0.00 ) W, D, H
- Produktgewicht: 0.9kg (1.9lbs) approx.
- Versandgewicht: 1.4kg (3.1lbs) approx.
