Produktinformationen "Corona Tag Kit"

Corona Tag Kit is an innovative system designed to monitor social distancing in the workplace, school, or public venues. It eliminates the need for a wide shutdown in case of infection. Based on HSL technology, Bluetooth signals measure the distance and exposure time between tags without revealing or saving personal information. The devices are fully independent, do not rely on cell phones or other connections, and do not require charging. User-friendly software enables managing data and devices. Kramer Electronics, LTD. Corona Tags are not designed nor intended to prevent, mitigate, eliminate, treat, diagnose or cure any disease or health condition including COVID-19/Coronavirus. Corona Tags are intended for public use only to monitor social distancing and provide for contact tracing in the workplace, school and public venues. Kramer Electronics, LTD. specifically disclaims that Corona Tags will prevent infection or the transmission of virus(es) or infectious disease(s), including but not limited to, COVID-19/Coronavirus.
