Produktinformationen "KIT-Z100"

KIT-Z100 is an audio/video conferencing and wireless screen sharing kit. It can be used for room-only attendees, or remote attendees joining from another room, from their desktop, or from their mobile device. KIT-Z100 includes two hardware components. The ECU Z100 hardware platform with Zoom Rooms* core application enables HD video and audio conferencing, screen sharing, and recording. The KT 107Z touch panel with Zoom Rooms Controller* application enables quick and simple start and control of meetings. Both devices are paired and interconnected providing secure communication, internet access, and wireless presentation. A wide variety of peripherals such as displays, speakers, cameras, and microphones, are supported by the main platform for a conferencing experience that suits your needs.

zoom.com. * Does not include a subscription to Zoom Rooms – available from
